

New Registration System

SOWA is launching a new registration system for all our trainings!

VISIT NOW 

 **Trainings & Workshops**

Our workshops offer an interactive space for professionals to develop their individual skills and for program managers seeking supports around training their staff. Open to all, our workshops are designed to support those working with young people, build program management skills, and develop social emotional skills.

About SOWA Workshops

Thanks to our partnership with the [Department of Children, Youth, and Families \(DCYF\)](#), providers working in licensed school-age programs can receive STARS credits from our workshops. Most SOWA workshops are STARS approved.

Classes fill quickly and registrations are processed in the order received. An email confirmation is sent when your registration is complete.

SOWA reserves the right to cancel any training event two business days prior to the event. In case of cancellation, registrants will be notified and registration fees refunded. If you cannot attend a training event, we will refund your registration fees only if we are contacted at least two business days prior to the event. Otherwise, no refunds will be given.

Questions? Please contact training@schoolsoutwashington.org.

About this Event

How can you communicate with youth in ways that makes them feel supported and heard? This interactive workshop introduces various communication techniques that help you build more supportive, youth-centered relationships. Participants will learn how to ask more effective questions, listen actively to youth, and offer youth encouragement rather than praise.

This Method encompasses three distinct skills or strategies:

- The Ask strategy is about asking effective questions, engaging youth in dialogue, and promoting critical thinking.
- Listen is about being attentive to youth when they speak and showing support through empathy.
- Encourage is about making specific observations about the decisions and actions of young people as they work, encouraging them to succeed without resorting to judgment.

In this workshop, participants will:

- Understand the concept of positive, purposeful interaction with youth.
- Learn the characteristics of effective questions.
- Understand the concept of active listening.
- Learn the characteristics of effective positive responses to youth and their work.

AUGUST 4, 2022, 10:00 AM - 12:00 PM (GMT-7:00)

Search for Delegate/Guest
